

## FRESH LINEN

The perfectly balanced base of the Fresh Linen fragrance composition, which consists of intriguing aromas of musk, vanilla sweetness and rosewood elements, forms the basis for the remaining aromas of the fragrance composition. Floral elements, like rose, violet, jasmine, lily and orange blossoms perfectly harmonize with the fresh, light and clean head aromas, creating a fragrance reminiscent of fresh laundry, dried in the wind.

### Packaging:

500 ml bottle (9 pieces in a box)

### Contains:
