

ORIENTAL SPICE

This intense fragrance creates a very strong base aroma, which includes: the earthy aroma of patchouli combined with the intriguing aroma of musk and the sweetness of vanilla, and elements of vetiver and leather. The main floral aroma is ylang-ylang and its floral-spicy elements that perfectly combine with the aroma of herbs, e.g. tarragon with the addition of oriental spices, i.e. cloves. The whole fragrance is wrapped in sweet and slightly creamy aromas.

Packaging:

500 ml bottle (9 pieces in a box)

Contains:
