

PORNSTAR MARTINI

The basis of the Pornstar Martini fragrance composition is a subtle mix of musks, which are the foundation for the other fragrances. The heart of the composition is a mixture of flowers, mainly gardenias with the addition of green freshly cut grass. The whole fragrance is perfectly complemented by fresh citrus aromas with the delicate sweetness of banana, creating an exotic mix.

Packaging:

500 ml bottle (9 pieces in a box)

Contains:
