

## SANDALWOOD

The sweetness and warmth of sandalwood together with raw patchouli and the aroma of cedar wood with the addition of vanilla and caramel create an extremely interesting basis for the Santalucia fragrance composition. It is complemented by subtle elements of rose, jasmine and geranium with herbal nuances. The whole fragrance after the first sniff is very fresh thanks to the light aroma of cucumber combined with the sweetness of citrus.

### Packaging:

500 ml bottle (9 pieces in a box)

### Contains:

Isopropyl alcohol 90%, fragrance compositions, oils.

### Warranty/Expiry date:

3 years from production date.

### Leaflet version and date:

06.2023, EN rev. 1
